

why use

Why join the Affinity Business Club?

The site is designed to provide you with a central point for local contacts and information that has taken us years to obtain and build. The club was created to save you both time and money and prove to be an invaluable resource tool for your business.

Its purpose is to be useful for any company so they have products or services that can be used on a regular basis. On top of that, we have arranged special offers with our directory members so that you will receive better rates than if you went to the supplier direct.

As a member you'll get unrivalled access to local business experts, with regular business clinics in a variety of fields that your business needs. Independent industry experts will also be creating regular articles and white papers that will not be available anywhere else, giving you insider knowledge and the inside track.

Membership also gives you access to our forums where you can introduce your business to a world of like-minded successful business people, arrange meetings, post articles and business opportunities, find business advice from specialists, chat about events and trade shows, and share your knowledge with other members.

As part of the package, there is an exclusive web directory providing recommended and quality companies within the Office Relocation industry. Whilst this is the focus, these companies provide services that any business can benefit from on a regular basis. So we have carefully added information that will both be useful and can answer or assist with issues you may have with your business.

The Affinity Business Club exists purely for the benefit of our members. With your membership you can grow your business. Offering much more than a place to have a quick meeting over breakfast or events full of sellers only interested in pushing their own products, we provide you with a truly beneficial business service, created by business professionals for business professionals. We welcome feedback and if there is anything you would like to see here or think is missing please email us.

We look forward to welcoming you as a member...!
